GAYNOR'S BODY PLACED ON SHIP

Remains to be Brought to New York on Steamer Lusitania.

WILL ARRIVE FRIDAY.

Most Signal Honor Ever Paid a Foreigner at Liverpool—Body in Metallic Casket.

Liverpool, Sept. 13.—After a brief and simple funeral service and the most signal honors ever paid a foreigner in this port, the body of the late Mayor William J. Gaynor, of New York, who died at sea, rested today in an especially constructed mortuary chapel on the Cunarder Lusitania.

The steamship will sail at 5 p m today and is expected to reach New York on Friday morning.

At 6 o'clock the Rev. Theodore A. Howard, vicar of St. Matthews' Church, Liverpool, conducted funeral services after the ritual of the Anglican Church, making it as short as possible. Rufus Gaynor, the dead mayor's son, was not present and the only spectators were American press correspondents from London and an undertaker.

The metallic casket in which Mayor Gaynor was placed on board the Baltic, was opened and the body reembalmed. This was declared to be necessary by the local undertaker who examined it.

The pine box in which the casket had been encased was exchanged for an oak coffn, sent down from London, and in this the body will be taken to New York. "William J. Gaynor, September 1913," is the only inscription on the coffin's copper plate.

The body of Mayor Gaynor was placed aboard the Lusitania at 8 a. m., today. The journey from the town hall to the dock was made with all the formality of the march to the town hall last night, but there was no excitement. It was too early in the day and no crowds collected. There was mounted police escort, and a representative of Sir John Sutherland Harwood Bannor, Lord mayor of Liverpool, accompanied Rufus Gaynor and American Consul Washington to the pier in one of the lord mayor's official carriages.

THE LATE MAYOR GAYNOR.

Funeral Will Take Place in New York September 22.

Liverpool, Eng., Sept. 13—The body of William Jay Gaynor lay in state last night at the foot of the grand stairway of the Town Hall of Liverpool It was an unprecedented honor that Liverpool paid the dead executive of the American metropolis, for never before had one lain in state in the historic edifice. Covered with the stars and stripes and with the British Union Jack draped over its foot, the casket rested on a catafalque brought here from Westminster Abbey, London, and on which reposed the bodies of many of England's most famous men. It was last used at the funeral of Field Marshall Lord Wolsey, in St. Paul's Cathedral last March.

Candles in the great golden candelabra from Westminster Abbey cast a subdued light up the wide stairway and over the detail of picked men from the Liverpool police force, who stood guard all night about the catafalque. John Sutherland Harmood-Banner, Lord Mayor of the city, who is absent on vacation, had telegraphed the city officials to do everything in their power in honor of the dead mayor of New York, and they carried out their instructions in minute detail.

New York, Sept. 13.—The city yesterday entered officially upon a period of 30 days of mourning for the death of Mayor William J. Gaynor, whose body will be brought back from Liverpool by his son, Rufus W. Gaynor, on the steamship Lusitania, sailing from that city today. Meanwhile is conferences of grief-stricken friends and fellow-officials of Mayor Gaynor, in the heavily draped City Hall and at the Gaynor

NEWS OF THE DAY.

Falcon and Hope Islands, of the Friendly or Tonga group in the South Pacific, have disappeared from view. With them several hundred natives and a few white men also have disappeared. Just prior to the discovery that the islands were gone the instruments at the Sydney naval station showed that several violent earthquake shocks had taken place about 2,000 miles northeast of Sydney.

For wearing men's clothing on the street when accompanying her husband on pastoral visits to the foreign labor quarter, Mrs. Oscar V. Junek, of Granite City, Mo., has been arrested, and will be tried on a charge of disorderly conduct.

Three men were killed and another painfully wounded in a shotgun duel yesterday near Mason, 25 miles from Brewton, Ohio. The shooting, which occurred at a farm, is said to be the outgrowth of a previous quarrel.

Rioting, in which many persons were hurt, broke out here today in front of the customs house. It began after several Republicans, who had tried to enter the building and make off with the Royalists' wedding present consigned to former King Manuel, had been driven off and beaten by soldiers. There were twenty arrests. Senor Luis Dorego, a prominent politician here, inflamed the crowd by a speech in which he declared that he had positive information that Spain is preparing to join the triple entente and that the international alliance that will be formed will seize and divide all of Portugal's colonies.

Death today claimed a fifth victim of the aeroplane accident at Buechenbeuren yesterday, when a military machine crashed into a crowd. This makes the twenty-fifth death due to aircraft disasters in Germany this week.

Aviator Hans Lorenz was killed here today as he was completing a two hours' flight. He steered the machine too steeply in a downward direction and the wings buckled, the aeroplane falling to the ground. The gasoline tank exploded and the pilot's body was partly burned before the fire could be extinguished.

Hamburg-American liner Imperator sailed from Southampton for New York Thursday, with the largest number of persons ever on board a single ship. The total is 5,019. There are 828 first cabin passengers, 683 in the second cabin, 614 in the third cabin and 1,494 in the steerage, making 3,619 passengers. The crew, which includes nearly 200 extra stewards, numbers an even 1,400. The Imperator's record cannot be lowered until the new giant Cunarder Aquitania is in commission.

THIEVES STILL ELUDE OFFICERS

Detectives Move South in Effort to Locate Stolen Money.

PASSED ALEXANDRIA.

Loss Not Discovered Until Train Reached Savannah — Mysterious Robbery Baffling Officers.

Richmond, Va., Sept. 13.—Special agents of the Southern Express Co., who are investigating the theft of $71,000 from an express car on the Atlantic Coast Line Railroad, somewhere between Jersey City and Savannah, started from the latter city yesterday to meet Pinkerton detectives in this city, who have been working on the case since the robbery was reported on Thursday. While the Richmond office of the Company has not been advised of the movement of the detectives, they are expected in Richmond this morning. Just what they expect to find here has not been explained, but it is known that the inquiry will extend along every line of track over which the car passed on its trip from Jersey City to the South.

In many respects the robbery is the most baffling with which the express people have been called upon to deal. The money, which was shipped by the Chase National Bank of New York to the Savannah Bank and Trust Co., was placed under lock and seal in a portable safe in the office of the Adams Express Company, on Broadway, New York, and hauled to Jersey City, where it was placed aboard the through express car.

When the safe reached Savannah it was found that the seal was unbroken, but when the contents were brought forth the money was not there. Express Company officials said yesterday that this was one phase of the case which was beyond their understanding. The key to the safe is always sent in the car under a separate seal, the report here being that the key was found intact, its seal unbroken. The only explanation to be offered, if the money really left New York, is that a skeleton key was used, and in some inexplicable manner a duplicate seal was put on the safe after it had been robbed.

While the seals on the outside of the steel trunk showed that they had not been tampered with, the sealed envelopes in which the money was contained when it left New York were slit open.

CONDUCTOR SMITH KILLED.

George E. Smith, passenger conductor on the Southern Railway, was almost instantly killed last night at Amherst. Mr. Smith had stepped from the platform of a car and was run over by his train and cut in two.

The deceased is survived by a widow and several children.

Mr. Smith was a former resident of Alexandria, but in recent years had been living in Washington. He was 40 years old.

His remains will be brought to Alexandria.

CRAZED NEGRO RUNS AMUCK.

Attacks Several Houses And Finally is Trapped in One.

Federalsburg, Md., Sept. 13.—Crazed by speak-easy whisky, George Anderson, a negro from Cape Charles, Va., terrorized fashionable Federal Hill early Thursday morning. He first appeared at the home of Mrs. Rebecca Bradley, where he attempted to force his way into her home, despite the screams and barring of doors by the occupants. Being foiled in gaining an entrance he went to the home of Charles Hackett, where he smashed a large window in front of the house. Several pistol shots fired by Hackett frightened him away.

He next appeared at the home of Peter Morris, where he forced open the parlor window and entered. A posse quickly captured Anderson in the house and he was arraigned before Magstrate Moore and heavily fined.

EXPLOSION IN THE CLOVER LEAF MILL

Operatives Are Caught by The Crumbling Walls And Flames.

FORTY-ONE INJURED.

Structure Completely Wrecked—Loss $250,000—All in the Building Sustained Injury.

Buffalo, Sept. 13.—Forty-one men were burned and maimed, two fatally, in an explosion that wrecked the plant of the Clover Leaf Milling Company early today. There were three explosions in rapid succession. The building then took fire. The loss is tstimated at $250,000.

Men terribly burned darted from doors and leaped from windows to escape the rush of flame that followed the explosion. There were forty-one men, composing the night shift, stationed in different parts of the five-story mill building when the walls began to crumble, and for a time it was feared a large number had perished. All were accounted for, however.

Not one of the crew of workers but received injuries of more or less seriousness.

Donald B. Fraser, president of the Clover Leal Mill, today denied that there was a dust explosion. He declared the fire was caused by pebbles in the grain throwing off fire as they passed through the mill.

The doctor says he finds sanitary conditions greatly improved in many places throughout the state and that their effect is becoming apparent. He states that while their are a few sporadic cases of typhoid fever at certain places, nothing approaching an epidemic is reported in any locality. He attributes these satisfactory conditions to the more improved sanitary measures which are interesting people throughout the Old Dominion.

DROPPED FROM ROLLS.

Machinists Discharged From Washington Navy Yard.

Forty machinists at the Washington navy yard have been discharged and a number of others will probably be similarly dealt with.

Work has become slack at the navy yard and steps were taken by the officials of the navy department and also the navy yard to reduce the forces and cut down expenses.

The breech-making shop was the hardest hit in the discharges. About twenty-two men were discharged from that shop. The other departments from which discharges were made were the gun shop, tool shop, miscellaneous shop and sight shop.

RECEPTION AT CLUB HOUSE.

Members of Alexandria Motorboat Club Entertain Many Friends.

The reception tendered to their many friends last night by the members of the Alexandria Motorboat Club at their new home on the river front was all that had been anticipated. Representatives of the Old Dominion Boat Club of this city, the press, city officials, the Chamber of Commerce and the Retail Merchants' Association, Capital Yacht Club, Corinthian Yacht Club, Eastern Powerboat Association, and the Lone Star Band of this city, were present, and the festivities were continued until nearly midnight. All who attended experienced an enjoyable evening.

Gay with flags, bunting and pennants, the clubhouse showed up most advantageously, and its artistic design was greatly admired.

During the evening an elaborate buffet luncheon was served, which was greatly enjoyed. Among those present were many ladies.

The clubhouse is a two-story frame structure and has a double portico affording a splendid view of the river. On the first floor are lockers, janitor's room, and other equipment, while the club and reception rooms are on the second floor. The clubhouse is one of the most attractive on the Potomac.

The Alexandria Motorboat Club is a comparatively new organization, and now has identified with it practically all of the motorboat owners in this city, and the success of the new enterprise seems assured. Walter U. Varney is president of the club and he, together with a committee of members in charge of last night's affair, were kept busy looking after the visitors.

FALLS 500 FEET, UNINJURED.

Aviator And Biplane Turn an Almost Complete Somersault.

Greensburg, Pa., Sept. 13.—While flying his Baldwin biplane at an altitude of about 500 feet in an exhibition flight at the Westmoreland County Fair, at Youngwood, Thursday afternoon, W. Knox Martin, of Baltimore, had a narrow escape from death or serious injury, when the machine became unmanageable and dropped to the ground. It landed on a dog, killing it, and narrowly missed striking the side of a house just outside the grounds.

Aviator Martin was pinned under the part of the biplane bearing the engine, but was only slightly scratched. In dashing downward the airship made almost a complete revolution.

The accident happened while Martin was trying to make a turn in the air, and it was his second attempt at a flight.

ANOTHER WEEK ON TARIFF BILL

Senators and Congressmen Hope to Agree in a Few Days.

PROGRESS RAPIDLY.

Strikes Snag on Metal Schedule—Subject of Controversy Postponed to Next Tuesday.

Washington, Sept. 13. — Further rapid progress on the tariff bill today was expected by the Democratic conferees of the House and Senate when they convened at 10 o'clock. The conferees worked steadily yesterday, and got along so well that they hope to wind up their work in about one more week.

The schedules which they have agreed on are chemical, earthenware, tobacco, wool, and agricultural, with the exception of the proposed banana tax and the coutervailing duty on wheat. The sugar schedule, with its provision for free sugar in three years, was approved.

For the most part, the House is accepting the lower rates of the Senate. In some cases, where Chairman Underwood insists too much revenue has been cut off, the higher House rates are being accepted.

A snag was struck in the metal schedule. The House leaders insist that the Senate action in placing ferro-manganese, pig iron, steel ingots, slabs and booms on the free list be receded from. They contend too much revenue has been sacrificed. This subject of controversy has gone over until Monday.

The general rates in the liquor schedule were approved, but the controversy over the revenue tax on brandies used to fortify sweet wines, is not yet adjusted. California wine growers are making a fight against the Senate provision imposing the full revenue tax of $1.10 a gallon on such brandies.

C. AND O. FINED $1,600.

Pleads Guilty in Federal District Court to Two Charges.

The fine in the first was $600 and in the second $1,000.

The case against the Virginian Railway for violating the safety appliance act, was heard and decision will be rendered after counsel submits written arguments.

Held for Grand Jury.

Lynchburg, Va., Sept. 13.—John Crider, colored, who was arrested at Pittsville, charged with implication in the robbery of the postoffice at Twin City, W. Va., August 20, was held yesterday by Commissioner O'Brien for the grand jury. The negro was committed to jail in default of $1,000 bond. He will be taken shortly to West Virginia.

SOLDIER IS FINED $25.

Ungallant Son of Mars Makes Brutal Attack on a Woman in the Northeast

Fred Spencer, a soldier, made a visit to Alexandria last night. He entered a house in the northeastern district, and while there wantonly asaulted a young woman named Lillian Brown.

Officer Reed later arrested Spencer and locked him up. The case was called in the Police Court this morning when the victim of the assault appeared with her left eye discolored. The woman stated that the attack upon her was wanton; that she did nothing whatever to warrant such treatment. Her testimony was corroborated by the proprietress of the house, who stated that the soldier knocked the woman down for no cause whatever.

Spencer, upon being asked what answered he had to make the charge against him, uttered but one word, "Guilty."

He was told by the court that the standard fine for such an offense, was $50, but inasmuch as he plead guilty he would be assessed $25. He had no money and will serve a term in jail, or be subject to work on the roads.

AFTER TAX DODGERS.

Owners of Unlicensed Dogs Will be Arraigned.

Expressnig the belief that a considerable percentage of the people of Alexandria were attempting to evade the law by refusal to provide their dogs with tags, for which the city collects a license of $1.50 on each animal, Mayor Thomas A. Fisher has written a letter instructing the chief of police and policemen to bring all such persons into police court where they will be fined for their failure to ply with the statutes of the city. The mayor has sent with the letters, books containing the names of each person in the city who has paid the license. He calls attention to the fact that up to the present time, only 570 licenses have been granted, while at the same time last year 780 licenses had been obtained.

The Clarendon-Ballston Service Association at its regular monthly meeting in Clarendon Thursday night appointed a committee to draw up a complaint to be presented to the Interstate commerce commission which will seek to compel the electric railroad to provide a ten-cent fare from Clarendon to Ballston to Washington. The committee was ordered to submit the complaint to the association at its October meeting for action.

The association was commended in letters from Senators Swanson of Virginia and Vardaman of Mississippi and Represantatives Carlin of Virginia and Heflin of Alabama for protesting against the alleged violations of the "Jim Crow" law.

YOUNG GIRL RESCUED.

ther Finds Daughter in Disorderly House and Takes Her Home.

Lynchburg, Va., Sept. 13.—A pitiful demonstration of parental affection and loyalty was seen at the police station Wednesday night, when a heart-broken father plead with his pretty little fifteen-year-old daughter, who had wandered from the straight and narrow path, being fascinated by the glitter of the underworld, and had entered a house of ill-fame operated by a denizen of the red light district, and begged her to return to the loving embrace of her parents, turn her back upon the past and lead a life of decency. The father, with tears in his eyes and nearly overcome by remorse and shame, finally won, and the young girl went back to her home, rather unwillingly at first, but finally a realization of her deplorable plight seemed to dawn upon her and she reluctantly walked away with her devoted father, begging forgiveness and with promises to honor and obey him in the future.

The family recently moved here from Durham, N. C., and a few days ago the girl suddenly disappeared as if she had been gobbled up by the earth, leaving no clue of her whereabouts and worrying her parents nearly to death.

The police were appealed to and the search began, and Wednesday night in a house on the "Hill," the girl was found by an officer and taken out and brought to the police station, where her father met her. She stated that she had been enticed into the place by a young married man of Lynchburg in an automobile, whose name she did not know but remembered, his appearance thoroughly. After she had entered the house she stated that she was afraid to leave and had decided to throw her lot with the women there and bear the consequences. She had been in the joint several days before she was finally rescued by a policeman.

When seen at the police station she was unusually pretty, dressed in becoming style, and her expression was one of innocence, seemingly thoroughly unfamiliar with the trials and tribulations awaiting her in her former plight.

The father stated that he was going to use every effort under the sun to have justice meted out to the man who led his daughter astray, and that he was confident that the laws of Virginia would not permit him to escape unpunished.

RICHMOND SCHOOLS.

Total Enrollment of 22,000 is Expected This Year.

Richmond, Va., Sept. 13.—Public schools opened here Thursday, the enrollment of pupils engaging the attention of principals and teachers. While the totals have not yet been announced, for the reason that all the pupils have not been enrolled, the attendance this year will exceed 21,000. This is a considerable gain over last year. It is posible that the enrollment will not reach less than 22,000. The pupils do not have to buy school books here. The city buys and owns the books and they are sent from one child to another. This results in an enormous saving to the parents of the children, and where in many instances children have refused or failed to attend school because they did not want to accept charity, they now get the books and attend. The city is making every provision for children to get an education.

SIX THOUSAND TREATED.

More Than 30,000 Examined For Hookworm Disease.

Richmond, Va., Sept. 13.—Tabulated results of the hookworm campaign in Virginia since January first show that during the last eight months 30,580 persons have been examined for hookworm disease and 6,153 have been given treatment.

These figures which have been given out by the State Board of Hearth, are by far the largest for any year since the Rockefeller Sanitary Commission began to co-operate with the Boards of Health of the Southern States in an effort to rid the country of hookworm disease. During 1912, which was itself a record-breaking year, the State inspectors examined, 25,996 persons for hookworm disease and dispensed treatment to 10,600. During the first five months from April 1 to September 1, the Board examined 26,500 suspects, more than during the whole of 1912,, and gave treatment to 5,300.

There is much satisfaction among the health officers, that despite the larger number of examinations during the past year, the number of treatments was smaller. It is pointed out that of the 26,500 examined during the five months of 1913, only 5,300 were found infected while of 25,996 examined during the year 1912 not less than 10,600 were found suffering from the disease.

FINED FOR ASSAULT.

W. N. G. Barron Convicted of Stabbing Ex-Senator Noel.

Jonesville, Va., Sept. 13.—The trial of W. N .G. Barron for stabbing ex-Senator J. C. Noel terminated in the circuit court here Thursday, resulting in a conviction of Barron for assault and assessing against him a fine of two hundred dollars. The trial of this case was one which attracted much attention on account of the prominence of the parties. The case was called just after noon and the jury brought in the verdict at 2:30 yesterday afternoon after having been out about two hours.

Barron stabbed Noel in an altercation which arose over a road bond election at Pennington Gap on the 24th day of last June. Barron claimed he cut Noel because he thought it necessary in his own defense.

To Build New Market.

Richmond, Va,, Sept. 13.—Richmond is making arrangements to build a new market at the site on the present First Market one of the oldest markets in the country. The city desires to replace the old brick structure with a steel, stone and concrete affair. It will be nearly 60 feet wide and nearly 350 feet long. The old market is in the lower section of the city, has long been deciared unsuited to the purposes for which it was used, and there has been a clamor for a new building for some years. The new building will be only one story high, but it will be provided with every possible scheme for ventilation and being kept clean. It will have concrete floors and will be arranged so that it can be flushed with water at any and all times. It may be raised several feet higher than the old building in order to prevent overflow from freshets.

Three men were killed and one was seriously injured at Ashtabula, Ohio, last night in the yards of the Lake Shore Railroad, when a yard engine backed into a group of railway employes.

Charlottesville, Va., Sept. 13.—Extensive improvements at Charlottesville, Va., will shortly be begun by two Baltimoreans—Frederick C. Todd and Norman James. The object of the improvements, which will include the construction of a modern hotel, capable of housing the hundreds of tourists who annually visit the vicinity of the old home of Thomas Jefferson, and the construction of one of the finest golf courses in the South, are to exploit the many advantages possessed by Charlottesville as a residential city.

Mr. Todd is the Baltimore representative of the General Electric Company and an official of the corporation which owns the public utilities of Charlottesville. He is also president of the Redland Land Company, of this city, which will play a large part in the extensive development planned.

Mr. James is president of the N. W. James Lumber Company.

Staunton, Va., Sept. 13. — Henry Fitzgerald, who on Sunday shot Samuel Carr, in Rocbridge county, from the result of which Carr died Monday night, surrendered on Wednesday to an officer of Nelson county, to which he had escaped. He was turned over to an office of Rockbridge and his examination was held at Rappahannock yesterday afternoon. He was held for the grand jury. Fitzgerald claims he acted in self defense.

ASK FOR "DRY" FAIR.

Christians Adopt Resolutions Protesting Against the Sale of Liquor.

Lynchburg, Va., Sept. 13.—Deprecating the action of the board of directors, of the Virginia State fair in allowing the sale of liquor on its grounds during the days of the fair, a resolution was offered and passed at the morning session yesterday of the Virginia Christian Missionary society, in session here, asking that the board of directors refuse to allow the sale at the coming fair.

The resolution was based on the fact that the farmers of the State contribute largely to the support of the fair, in attendance and in exhibits, and that the farmers generally are opposed to the sale of intoxicating liquors.

MINISTER TAKEN AT CHURCH.

Preacher Called From Conference And Arrested by Sheriff.

Parkersburg, W. Va., Sept. 13.—Armed with a warrant for Rev. C. E. Chalfant, a local minister, who is also in the real estate and oil business, a deputy sheriff from Mason county yesterday had Chalfant called out from the sessions of the West Virginia United Brethren Church Conference, which he was attending, and at the church door notified him he was under arrest.

Chalfant fell in a faint and did not recover consciousness until removed to the church parsonage. The warrant charges Chalfant with obtaining money under false pretenses, based upon the allegation that he sold oil stock which he had represented to be of more than its true value.

The accused minister secured his release on $500 bond for appearance at a hearing next week. He characterized his arrest as "a piece of spite-work."

GROWING NUMBER OF RAILROAD FATALITIES.

A. B. Garretson, representing the Order of Railway Conductors, testified yesterday in New York that a railroad employe is killed in the U. S. every hour and seven minutes of the day, and that every nine minutes a man is maimed. Mr. Garretson was a witness before the arbitration commission in the controversy between 42 Eastern railroads, their conductors and trainmen, over the employers' demands for more pay and shorter hours.

The report of the Interstate Commerce Commission for the year ending June 30, 1912, says that 3,635 railroad employes were killed during the year.

Since the last frightful horror on the New York, New Haven and Hartford railroad newspapers have at times contained suggestive pictures indicative of the risk people take who board railroad trains. Notwithstanding air brakes, telegraph, telephone, steel cars, patent couplers, and the thousand and one alleged safety appliances, the deadly work goes on, not only in the United States, but in all countries.

There have been some terrible disasters on the rail hereabouts. The Washington Division of the Southern Railway (at first the Orange and Alexandria) was operated over a third of a century before any passenger was killed. The "Fat Nancy" disaster in the latter part of the eighties caused the deaths of eight persons, but the greatest horror on that road was the accident at Rockfish when over twenty lost their lives.

The accident at Four Mile Run in 1885 snuffed out the lives of seven employees. No passengers, however, lost their lives in that accident.

When it is taken into consideration that so many accidents could happen to a rapidly moving train, it is a wonder the loss of life is not greater than it is.

WILL FIGHT EXTRADITION.

Lamar And His Lawyer Endeavor to Keep Him From New York.

Washington, Sept. 13.—A strong fight against extradition of David Lamar, "The Wolf of Wall Street," will be made by Attorney Henry E. Davis when the case is called here at 11 o'clock Wednesday morning. The Department of Justice, through United States District Attorney Marshall, of New York, is prepared to combat the move of Lamar's attorney, but according to advices from New York, realizes that it may be a year before it can get him back in New York.

Attorney Davis holds that Lamar, who is charged with impersonating a Federal officer, cannot rightfully be held on this count because Congressman A. Michell Palmer is not a Federal officer.

The District Attorney intimates that other arrests may follow the Lamar case, but for the present he is devoting his entire energies to an effort to get Lamar back to New York to answer the indictment there against him.

DIES FOR BUSINESS WORRY.

Bond Dealer Shoots Himself in a Hatboro Hotel.

Doylestown, Pa., Sept. 13.—After engaging a room at the Railroad Hotel, Hatboro, and being told by the bartender that it would be ready for him in a few minutes, W. S. Bostwick, of Philadelphia, a bond dealer, shot himself in the right side of the head with a revolver there Thursday afternoon. The bullet came out of the back of his head and lodged in a door.

The shooting was done in the reading room of the hotel, where Bostwick had seated himself at a desk.

Before taking his life he wrote a letter to his wife, who is boarding at Hartsville, about three miles from Hatboro, with the family of John Harvey, telling her of what he was about to do.

He inclosed the note in a sealed envelope, and requested Mr. McWall, proprietor of the garage in Hatboro, to deliver the letter to his wife. He then took his life, holding a mirror in his left hand and the revolver in his right.

No reason has been ascribed for Bostwick's act other than a note found on the desk before him, saying "business was poor," and that this would "end it all."

Bostwick after he had shot himself, was removed to the Jewish Hospital, Philadelphia, where he died two hours later.

He said owing to his small size he could conceal himself. The youthful hobo will be sent back to his home.

ANOTHER IDENTIFICATION.

Francis D. Day, of Brooklyn, Says Remains Are Those of his Sister.

Francis D. Day, of Brooklyn, made an affidavit at police headquarters last night that the three pieces of a woman's body found in the Hudson river are parts of the body of his sister, Miss Annette Day, 23 years old, who has been missing since August 8. He says he identified the torso by a birthmark on the left shoulder.

According to the statement of Mr. Day a physician is involved. The police were seeking information concerning this physician, who was understood to have left his home in Brooklyn recently for a journey through the West.

Miss Annette Day had been an operator upon petticoats, he said. On August 5 her mother, Mrs. Marietta Day, took Annette to Tarrytown. The young man would not tell the object of that journey. On August 8 the girl left Tarrytown and intended to return home in Brooklyn. She never reached there, and since then her relatives and friends have heard nothing from her.

Mr. Day told the police that Miss Annette Day made the acquaintance of a Brooklyn physician early last spring, and had been with him to such an extent that her family protested. The physician later moved his family to the West, it was said, but had been back in New York in recent weeks.

Dispatches from Habana say that Mrs. Lena Janin, said by her husband, Casper, to have been the victim, has been discovered in that city with Vincent Planells. They were found together in Habana street.

DEMAND COMPLIED WITH.

China Understood to Have Agreed to Japan's Terms.

Peking, China, Sept. 13.—Orders issued yesterday by Provisional President Yuan Shi Kai signify, it is believed by foreign observers in Peking, that China has complied with the demands of the Japanese government presented yesterday.

The Japanese demands arose from the killing of three Japanese at Nanking, the maltreatment of a consular messenger, the torture of a Japanese lieutenant at Hankow and the imprisonment for two days of a Japanese lieutenant at Shan-Tung. Japan demanded an apology for the insults to the Japanese flag, the punishment of those responsible and the payment of an indemnity.

In the clash between Japanese and Chinese soldiers Thursday at Chang-Ti, near Shan Hai-Kwan, where the Japanese guard a section of the railway from Peking to the sea, one of the Japanese soldiers was wounded and three Chinese soldiers were killed.

The Chinese officer later sent an apology to the Japanese commander.

Tokio, Sept. 13.—Among the specific demands contained in the Japanese ultimatum to China is the punishment of General Chang Hsun, commander of the Chinese government forces at Nanking.

Pending the reply of China the Tokio newspapers are mainly engaged in stiffening the backs of government officials. One of the journals declares that "if the assassination of Director Mortiaro Abe results in stimulating the cabinet to action, he did not die in vain."

All the men who participated in the assassination of Director Abe have either committed suicide or are awaiting execution.

MAGNIFICENT EXPOSITION
A magnificent Exposition of Virginia industrial and agricultural products and resources, including live stock, has been provided for this year on larger and more comprehensive lines than has ever been heretofore attempted. This policy of expansion and innovation has been carried out in every department at enormous cost, and by persistent effort on the part of the Association. Cash prizes have been increased, a new steel and concrete Viaduct Bridge has been erected over the Railroads near the grounds, at a cost of $30,000. A large addition has been made to the Grand Stand, increasing greatly its comfort and seating capacity, and necessitating the operation of two Vaudeville Stages in order to present an unusual array of Free attractions, including educational features, novelties and amusements secured from almost every land and almost every race through prominent Agents in both America and Europe.

PULLMAN CO. MUST EXPLAIN.

Pertinent Questions to be Asked by a Railroad Commission.

San Francisco, Sept. 13. — The State Railroad Commission, acting today on the complaints of many travelers, ordered the Pullman Company to appear before it November 19, and explain its "practice, rules and regulations."

Rates will not figure in the event, but its scope in other directions will be wide. These are some of the things the committee wants to know:

How much the company depends on passengers tips in figuring porters wages.

Why upper berths are pulled down when not occupied, making lower berths stuffy and cramped.

Why the answer "No lowers left" so often proves to have been a mistake next morning.

Why a passenger cannot get his berth made up when he wants it, but must await the porter's pleasure.

Why berths so often are sold to more than one passenger, with resulting confusion and annoyance.

NEW FIELD FOR MINISTERS.

Another Resigns to go Into The Undertaking Business.

San Francisco, Sept. 13.—Another San Francisco minister is to become an undertaker. Rev. Nat Friend, castor of the Howard Presbyterian Church, announced today that he would resign his pastorate next Sunday in order to take up new work.

"The undertaking field," he said, "will give me an even greater opportunity for social service than the ministry. Solacing those in sorrow and caring for the dead has been so much a part of my personal work that I do not look upon the change as altering materially the purpose of my life."

Several months ago Rev. Dr. Bradley Leavitt resigned the pulpit of the First Unitarian Church to become an undertaker.

HUSBAND ACQUITTED.

Second Case of Unwritten Law in a Week Availing.

Pottsville, Pa., Sept. 13.—Joseph Ambrose, who killed John Burowski, at Ringtown, last month, has been acquitted of murder after a plea of self-defense and the unwritten law. Ambrose declared that Burowski insulted his wife, and a quarrel followed, which resulted in Ambrose drawing a revolver and killing the offender.

This was the second murder case this week in which the unwritten law was successfully appealed to.

Ambrose is but 20 years of age, and his wife, for whose protection he committed murder, is but 18 The young couple attracted much attention as they sat at the denfendant's table.

ANGRY MONKEY ATTACKS BOY.

Starts Panic in Atlantic City Amusement Place.

Atlantic City, Sept. 13.—Attacked by an enraged monkey on exhibition in a Boardwalk place of amusement a few days ago, Stephen McCall, 15 years old, sustained a severely lacerated hand and was taken to the City Hospital. There was a large crowd in the place when the monkey, angered by the abuse of a number of small boys, leaped on young McCall's shoulder.

Terror-stricekn, the boy raised his arm to repel the attack, and the monkey sank its teeth in his hand. Panic followed, and a number of women and children narowly escaped injury in the rush for the exits.

Abandoned the "Rest Cure."

In the desert of the Colorado, 50 miles east of Banning, Cal., George Wallace, a ranchman, of Redlands, and Dr. Gordon Lewis,dentist,of London, England, have abandoned the "rest cure" and are trying the active cure for tuberculosis.

The two men are getting as close to nature as possible. Far removed from civilization they are living and dressing much as their forefather Adam must have lived and dressed.

Sunburnt from head to foot, the men are gaining strength, and, they declare, will get well.

Clad only in such sparse apparel as the rules of the desert will permit, the two patients take long daily walks over the hills and through oceans of sand so hot sometimes it almost blisters their bare feet. They stand unprotected in cloudbursts and do not take cold. At night their covering is the sky.

The men's beards and hair have grown to be a foot long. The men declare they will remain in the desert until completely cured.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.
